

## EXTRACURRICULAR ACTIVITIES

Academic Term 2017 - 2018

Dear families,

Extracurricular activities are a fantastic way to compliment a young person's education. The school endeavors to offer an extensive extracurricular programme to provide each student with a variety of activities that suit their every need.

When selecting an activity, it is important to take your child preference into consideration so that they don't become easily demotivated and decide to discontinue their practice.

This document provides information regarding each activity, including the prices and corresponding times. You will find the activities for adults as well.

### Music, sports, dance, performance arts, mathematics and Kumon activities:

- Activities begin on the 2<sup>nd</sup> of October 2017 and will continue throughout the school calendar (there will not be any classes on public holiday dates, nor during Christmas or Easter holidays).
- In order to carry out the activity correctly, we require a minimum of 6 students enrolled per class.
- Classes are paid for every by trimester (November, February and May). Once the trimester has begun, no returns will be available should the student decide to discontinue.

### Language activities and reinforcement classes

- Will begin on 18<sup>th</sup> September 2017 and follow the school calendar (there will not be any activities on public holidays, nor during Christmas or Easter Week)
- In order to carry out the activity correctly, we require a minimum of 4 students enrolled per class.
- Classes are paid for every by month. Once the month has begun, no returns will be available should the student decide to discontinue.

## Extracurriculars 17-18

For any comments or proposals, please do not hesitate to get in touch with the appropriate Extracurricular Coordinator.
